After a hearty breakfast, we will begin the day with an adventure along the Mare Aux Cochons trail. This path will take us into the heart of the forest, surrounded by endemic plants and natural gardens. Isola di Curieuse

Today, we have an action-packed day ahead, full of various activities. We will start with a boat trip that combines trekking, snorkeling, discovering giant tortoises, and a delicious beachside lunch! Curieuse Island, a marine nature reserve, is reached with a short boat ride. Once known as Ile Rouge because of its red soil, the island has an irregular and rocky appearance. It once hosted a leper colony located at Anse St. Joseph, leaving the island isolated for decades, which adds to its unique charm. Before reaching Curieuse, we'll enjoy a swim in the uninhabited St. Pierre Atoll, known for its exceptional marine life! On Curieuse, giant tortoises roam freely. The island is also an important nesting site for sea turtles. To complete this unforgettable excursion, we'll have a beach barbecue with grilled fish. Return to the hotel for dinner and overnight stay.

Anse Georgette

This day will be dedicated to an extraordinary hike connecting two of Praslin's most beautiful beaches: Anse Lazio and Anse Georgette. The trail will take us through the island's lush interior and along the coastline, immersing us in a primeval jungle that feels straight out of prehistory. We'll begin at the stunning Anse Lazio, a long stretch of pristine white sand framed by casuarina and takamaka trees. The entire morning will be spent here, enjoying refreshing swims, snorkeling in crystal-clear waters, and a delightful lunch on the beach. In the early afternoon, we'll set off on our hike. The trail, starting at the edge of the granite rocks at Anse Lazio, will lead us to Anse Georgette, one of the most breathtaking beaches in the Seychelles. Usually inaccessible by land, this beach is a hidden gem, and the views along the way are sure to leave every traveler speechless. We'll wind down the afternoon relaxing on Anse Georgette, enjoying more swimming, snorkeling, and peaceful moments in this tropical paradise. Return to the hotel for dinner and overnight stay.

La Digue

After breakfast, transfer to the enchanting island of La Digue. Upon arrival, check-in at the hotel and set off to explore the island by bicycle. La Digue is renowned for having the most beautiful beaches in the Seychelles, as well as for the warm hospitality of its inhabitants and its serene and relaxed atmosphere. Here, bicycles and ox-drawn carts are preferred over cars, with fewer than 50 vehicles on the entire island! Life moves at a slower pace, whether you are relaxing on the idyllic beaches or cycling to a restaurant for a tropical lunch. We will begin our bike tour by riding along the entire coast, marveling at the natural wonders of La Digue and savoring every corner of its stunning beaches. Starting from Anse Severe, we will make our way to the most secluded beaches in the northern part of the island. Along the route, we'll treat ourselves to a refreshing tropical fruit juice to recharge before continuing toward the southern area to explore more natural wonders. Return to the hotel in the evening, followed by dinner and overnight stay.

Our first stop will be the breathtaking Grand Anse, followed by a short trek leading us to the serene Petit Anse and the extraordinary Anse Cocos, one of the island's most pristine gems. Here, we'll enjoy swimming in its crystal-clear waters, relaxing on the soft white sand, and diving into its enchanting natural pool—a true jewel of the Indian Ocean. Lunch will be served right on the beach, creating a unique and tranquil experience. In the afternoon, we'll have plenty of time to soak up the sun and sea, choosing the beach that best suits our preferences among these three close-by treasures. Anse Source d'Argent

Today's itinerary includes a challenging yet truly extraordinary trek that will take us to one of the most hidden and untouched beaches in the Seychelles. We will traverse secret trails, climb small rocky formations, and walk through both water and land. After passing through Anse Songe and Grand L'Anse, we will finally reach the legendary Anse Marron, where we will relax in a natural pool while our lunch is being prepared on the beach. In the afternoon, we will continue our trek, which will end with a final stretch through the water, taking us to the famous Anse Source d'Argent. This iconic beach, known for being the backdrop of some of the most stunning photographs of the Seychelles, will be the perfect place to watch the sunset. In the afternoon, we will return to La Digue for lunch and enjoy some free time for shopping and picking up souvenirs (La Digue is perfect for last-minute purchases), or we can relax on the beach and enjoy a few more hours of sun and sea before departure. Victoria

In the morning, we will take the ferry from La Digue to Mahé. Upon arrival, we will explore Victoria, the smallest capital city in the world. Named after the famous Queen Victoria, it is also the only true city in the entire archipelago, with a population of 30,000. We will visit the bazaar, built in 1840, which is the heart of the city. We'll also experience the unique coexistence of a Hindu temple, a Catholic cathedral, and an Anglican church, all within a few hundred meters. We will then stroll along the "Victorian" shopping streets for some last-minute purchases before enjoying a farewell lunch to bid adieu to these beautiful islands that have hosted us. In the afternoon, we will transfer to the airport for our return flight to Italy.
