Travel Notes

## Isola d'Elba

The experience begins with boarding at the port of Marina di Campo at **5:00 PM**, depending on weather conditions. Once on board, the captain will guide you through the world of sustainable fishing: you can observe fishing with nets and traps, and if you wish, try your hand at the fishing rod. No experience is required—just a desire to have fun and enjoy the sea in an authentic way.

While navigating toward hidden coves, you can relax in the sun, take a dip in the crystal-clear waters, or simply enjoy the scenery and the sunset. The boat is equipped with a shaded area for those who wish to rest.

When the catch of the day is ready, the captain will turn it into a delicious meal on board, prepared in a simple and fresh way. During the preparation, you can enjoy an aperitif and, if you like, participate in the cooking or simply watch and savor the experience. The menu includes a first and second course, fruit, dessert, coffee, and drinks (water, wine, and other beverages).

After dinner, there will still be time to enjoy the sea, take one last swim, or admire the sunset, before returning to the port around **10:30 PM**.
